

THE ART OF ACUPUNCTURE

1 DAY WORKSHOP 3 C.P.P.D. POINTS

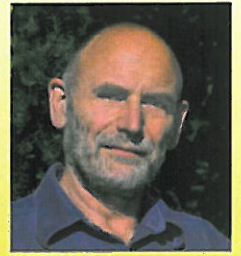

Most people know that acupuncture was used by the Chinese over 2,000 years ago, but how did they discover it, and how is it used today?

In this workshop on Saturday 2nd April 10-30 - 4-30pm, Angel Centre, Tonbridge Gordon Peck will reveal some of the exciting discoveries about the origins of this unique healing art, and demonstrate how it is as useful in 21st century Kent as it was in Kunming in the 1st.

Recent discoveries show the ancient Chinese may have learned about the acupuncture points and channels by feeling the energy for themselves. Simple exercises will help you to experience this energy, or *qi*. The Chinese have always known that all life is connected by this fundamental energy, and the same *qi* shines through the natural world, the weather, the seasons and our own emotions and behaviour.

Traditional acupuncture uses this knowledge, and we will look at the main methods for observing a person's *qi* and treating them, following a short demonstration, there will be ample time for questions.

Gordon began training as a healer at seventeen, was in the first full-time European acupuncture course, and has been teaching and using acupuncture and related techniques for over 30 years in the UK and abroad. Gordon Peck BA CAc (Chengdu) MBAcC www.Qiworks.co.uk

C.P.P.D. CONTINUING PERSONAL PROFESSIONAL DEVELOPMENT PRESENTATION 3 C.P.P.D. POINTS

C.P.D. is Continuing Professional Development and has been around for many years. Nurses were one of the first professional groups required to do it, then it became a standard requirement throughout the medical and other professions, then into the mainstream business organisations as a way of keeping knowledge up to date and increasing skills. A few years ago it became known as C.P.P.D., the word Personal being added. This was to indicate that this requirement was not only for the Professional bodies but was to include individuals such as healers and all other complementary therapies. In many organisations C.P.P.D. Is mandatory, you cannot be a member or get insurance cover without it.

We have a C.P.P.D. introduction presentation on Saturday the 12th March 10.30am - 1.00pm at the Angel Centre, Tonbridge. This introduction I presented to CHO and Surrey Healing Association in September 2010.

After attending, an official K.I.H.A. binder with detailed instructions and certificate of attendance will be presented to each participant, plus 3 C.P.P.D. points.

If you have not yet started your C.P.P.D. and would like to join us please fill in the slip below.

Under the Complementary Therapies Voluntary Self Regulation Schemes proposed, very soon you will not be permitted to register unless you have attained your annual C.P.P.D. points. K.I.H.A. will be supporting this move with the emphasis on the role of C.P.P.D. in Professional Practice, which will be a requirement in the near future in conjunction with the new standards of Complementary Medicine and good practice in the public sector.

Presented by Douglas Ballard MCMi Training Co-ordinator
